Our Journey

Arjun Beeswax, founded by Shri Arjun Bheda in the year 1995 had a modest beginning with limited capital, one product i.e Beeswax and one market i.e India. But the propelling force within the founder and his business acumen opened new vistas. His dare - to - win attitude led to exploring of newer markets such as Africa, developing USA and European markets and introduction of newer products.

Our Goal

- To be one of the respected business houses in the country, commanding credibility & enjoying customer satisfaction in both national and international markets.
- To ensure our products and services are cost competitive and that resources are continually dedicated to productivity improvements.

Company is well equipped with a planned strategy which enables day to day operation and helps in deriving perfection in every manner. The international standard of this organisation is maintained by well trained and professional teams of employees, which are inclusive of QA, R & D along with QC and Microbiological Laboratories.
